30 July 2018

NOTICE

Phishing / Hacking E-mail

Some TIFR users are receiving an e-mail from randomuser@outlook.com threatening them to pay some ransom amount of \$7000 in Bitcoin with a link. The email mentions that if this is not paid, they will send some objectionable content / video that they have captured from your desktop, to all your contacts in e-mail, facebook, messenger.

Users are requested not to respond or visit any link provided in such e-mail which you may receive. This may contain virus /spam-ware. Please forward such emails to cc@tifr.res.in with headers so that we can block them. After forwarding, you may delete the message.

Please do not disclose your username and password in any form to anybody even to Computer Centre staff.
